Healthy Costa Blanca

Sólorka lives by the Altea-bay, designated by World Health Organization, WHO, as one of the healthiest spots on Earth. Every morning, our guests are feeling this after wakening up after a good night's sleep.

The bay takes its name from the beautiful old town of Altea, originally Althaia which in both Greek and Arabic refers to the process of healing. Ancient ruins show us that the Romans had wellness studios here already 2000 years ago.

In this magnificent area we have our resort and our wide range of first-class facilities.

1st class sports areas for almost every sport

In the Sólorka-area, we have worldclass sports-facilities including modern fields, halls and other areas. We have a large number of football-fields with both natural and artificial turf.

Also, we have good facilities for tennis, padel, padbol and other outdoor sports as well as pavilions for all indoor sports.

In addition, we are in one of the most beautiful and most popular bicycle areas in the whole of Europe, and many professional teams are having their training camps here.

Accommodation and stay

We will host you in our 60.000 square metre wide resort, Albir Garden, in Albir, where you will have endless possibilities:

- Accommodation in rooms or apartments with several options
- Board: A full-board including water. (We are, of course, happy to serve you gluten- and/or lactose-free food as well as vegan- or vegetarian food and, naturally, a special sports-menue.)
- Meeting-rooms with varying capacity for meetings, planning, analysis etc.
- Fitness, sauna etc. included in our offer

On page 14, you can learn more about our extensive leisure-opportunities

Our services - 24/7

When visiting us for tournaments, training-stages, teambuilding or other purposes, we will - after planning it together with you - take care of all your stay so you can concentrate on the activities that you are burning for - for example.

- Bus transportation from airport to hotel and from hotel to sport-facilities t/r
- Meeting & Greeting in Alicante-airport as well as in our resort
- Tournaments, training-stages etc. arranged by us after planning with you
- <u>24/7-service</u> at site at any time during your stay (we speak Faroese, Scandinavian and English as well as Spanish)
- <u>Emergency support</u> in order for you to never find yourself alone in any challenging situation for instance, if you need a doctor or a hospital (We are also able to arrange for planned treatments such as dialysis etc.)

Our tournaments

Spain is the most appropriate host with regard to international sports tournaments. In addition to the most perfect whole-year climate, the Spaniards have rich traditions within most sports – and a corresponding number of results, championships and trophies. Therefore, some of the best teams in the world sign up for tournaments in Spain.

We represent a number of Spanish tournaments, especially within football and volleyball (please find more info on the two following pages), while others are added. Also, together with experienced partners, we can arrange for tailormade tournaments with the participation of some of the prominent Spanish clubs.

<u>In addition, we offer special programmes for 'Families & Fans' – please take a closer look at page 15</u>

Football

We offer tournaments for youth teams, clubs in the upper divisions, as well as national teams.

We have a close cooperation with the major tournament organizer, Jjeventos, and we hold the exclusive rights to all their Spanish football tournaments in the entire Nordic market - and some other countries as well. Here are some examples of our youth tournaments in 2026.

- Easter Gamers• 02. 05. Apríl
- Marina Baixa Weekend
 12. 14. June
- <u>JugonesCup Summer</u> 20. 23. June
- Almería Cup20. 23. June

Customized events

We can arrange for tailormade tournaments with the participation of some of the prominent Spanish clubs.

<u>One example this year (2025):</u>

Christmas Tournament 05. - 08. December 2025

in Denía, Costa Blanca, for boys and girls age 8/9 and 10/11 with participation of youth teams from at least four La Liga-clubs: Valencia CF, Levante, Villareal and Elche

Our fields are home turf for the football training-stages of all Spanish national teams from U19 down. Yamal, Gavi, Pedro and many other world stars have been here several times and this attracts interesting national teams from around the world.

Volleyball

We arrange volleyball tournaments in our area.

Our main tournament is the 'Mediterranean Cup' around Easter every year. In this competition, your team is guaranteed a minimum of 4 matches. Teams that don't reach the finals often arrange extra friendly matches instead.

The tournament's protector is none other than Rafa Pascual, who is considered one of the best players in the history of volleyball and led the Spanish national team to the gold in both European and Olympic games.

Training-stages

We have the facilities and coaches to arrange camps for most sports. Together with you we can put together a comprehensive programme which will typically include

- Round trip bus transportation between Alicante airport and our resort – and between the resort and the sports facilities if needed
- Accommodation with full-board according to your preferences
- Guidance and support at site 24/7
- Agreed training programme with Spanish coaches as an optional offer
- Water during training as well as all necessary aids means
- Friendly matches or tournaments when desirable relevant
- Various relaxing and leisure activities
- Optional alternative training or sports-service for development and/or fun – e.g. sunrise-run, yoga, dance, alternative sports, ice bath etc.

Tournament + training

Most tournaments are organized over 3 or 4 days, while many teams – and sometime fans or families - would like to stay with us a bit longer. In these cases, we are happy to arrange for a short additional training-stage – optionally combined with some holiday experiences.

In this way it is possible to gain even more from the training-fields of the Spanish national youth-teams.

The content of these training caps is similar to the one described on the previous page, only for a shorter period.

If this is of interest, we are happy to put together a programme together with you.

Additional services

To make your stay as varied as possible, we can combine your tournament or training with some alternative activities, e.g.

- Yoga with our own instructor
- Danse with our own instructor
- Sunrise-run with our own guide

- Alternative sports
 with special coaching
- Ice-bath for faster recovery of the bodies
- Other customized services according to your wishes

Conferences, seminars etc.

Costa Blanca is the perfect frame around conferences, meetings, seminars etc. – either in connection with tournaments or training or as a standalone event.

We have endless possibilities to combine the professional with practical application in our sports facilities as well as leisure and / or beautiful experiences during our various excursions.

We have good indoor as well as outdoor facilities in nice surroundings and pleasant weather.

Leisure activities

have a number of offers, inside our resort

- in Albir Garden, where you can sunbath, swim in value if you are visiting with a group of young disappear in town in their sparetime).
- on our excursions, where you will have beautiful as well as interesting experiences
- in various external activities, being it picking

'Fans & Families'

A very popular service, already enjoyed by hundreds of guests, is our offer to families or other supporters to join the players when visiting us, giving you a unique opportunity to support your team while at the same time socializing and enjoying life – e.g. by engaging in

- <u>football, volleyball or other sports,</u> the youth teams often choosing to challenge their parents or others
- usual leisure activities in Albir Garden, where you can sunbath, swim or participating in various games as well as dance in our outdoor club at night
- <u>our excursions</u>, where you will have beautiful as well as interesting experiences; or
- various external activities at your own choice
