

# Leisure activities

When you need to relax and have fun, we have a number of offers, inside our resort as well as in our neighbourhood or nature. For instance, you can choose to relax

- **in Albir Garden**, where you can sunbath, swim in our pools or in our private water park, play beach-volley, table-tennis, minigolf or a wide range of diverse games. (This is especially of high value if you are visiting with a group of young players who, otherwise, could feel tempted to disappear in town in their sparetime).
- **on our excursions**, where you will have beautiful as well as interesting experiences
- **in various external activities**, being it picking oranges and press your own (best in the world) juice, go-karting, swimming in the waterfalls or many other activities – or just stroll along in Albir or Altea with their number of cosy cafés and restaurants.
