

# Active School Visits to Costa Blanca

Our school visits to Costa Blanca have become very popular, especially amongst 7th to 10th graders. Every year, we receive several planes full of students.

We are looking forward to welcoming you to sunny days with exciting and educating excursions and joyful joint activities.

We are not a travel agent engaged in shipping you out in the world on your own, but an incoming firm with hosts to meet and assist you at your destination 24 hours a day.

A typical school visit would consist of for example:

- Flights to Alicante t/r, bus transport and accommodation and full board at our Albir resort
- Complementary access to our own water park, swimming pools, sports facilities etc.
- A number of joyful joint activities
- Beautiful and exciting excursions of your choice

*All flights out of the UK are protected by Protected Trust Services and ATOL*
